Dear Jennifer,

Thank you for your help today! I hope you get to feeling better soon!

I have mailed you an affidavit confirming our family has been residing at the 7008 South Delaware Place home since June of 2014.

Please do everything within your power to help us with the 2016 taxes if at all possible. We have the property up for sale right now to liquidate the equity to underwrite ministry expenses.

The house was actually purchased to renovate for the purpose of helping us generate ministry funds. So . . . help us out if you can. You should receive the affidavit in a day or two. Thanks!!!
